

Creating Playlists

Steps to Success:

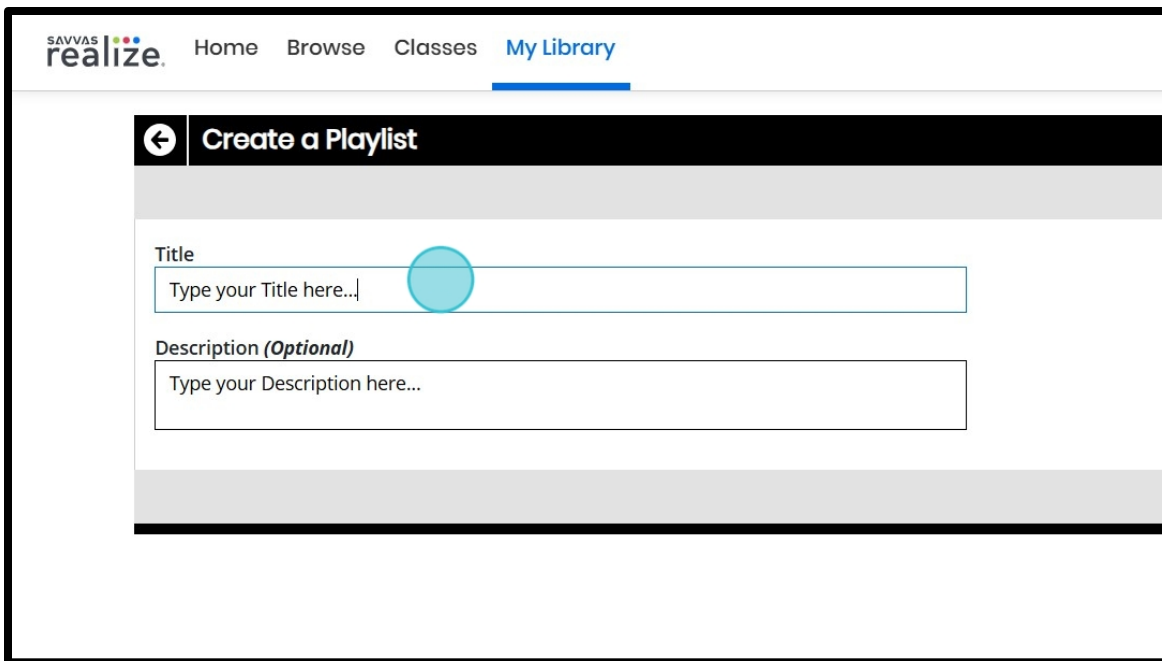

1. Navigate to your **Experience Math** dashboard. Click on **My Library**.

2. Select **Create a playlist**.

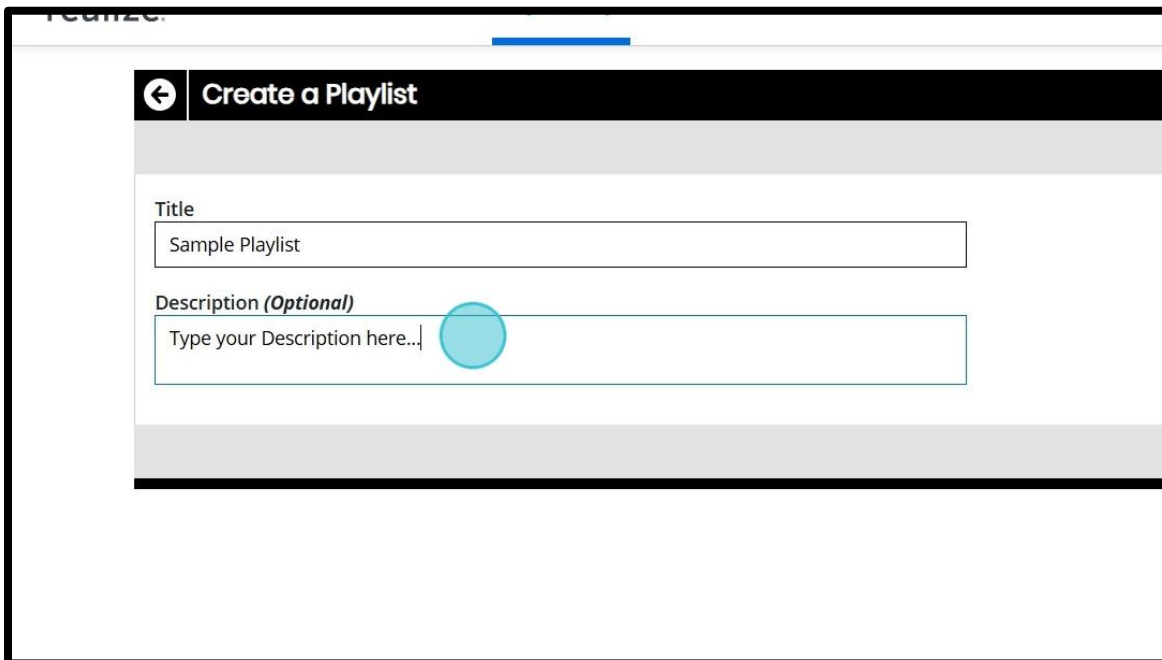

3. Click in the **Title** textbox to change the title of your **Playlist**. This example will be titled 'Sample Playlist'.

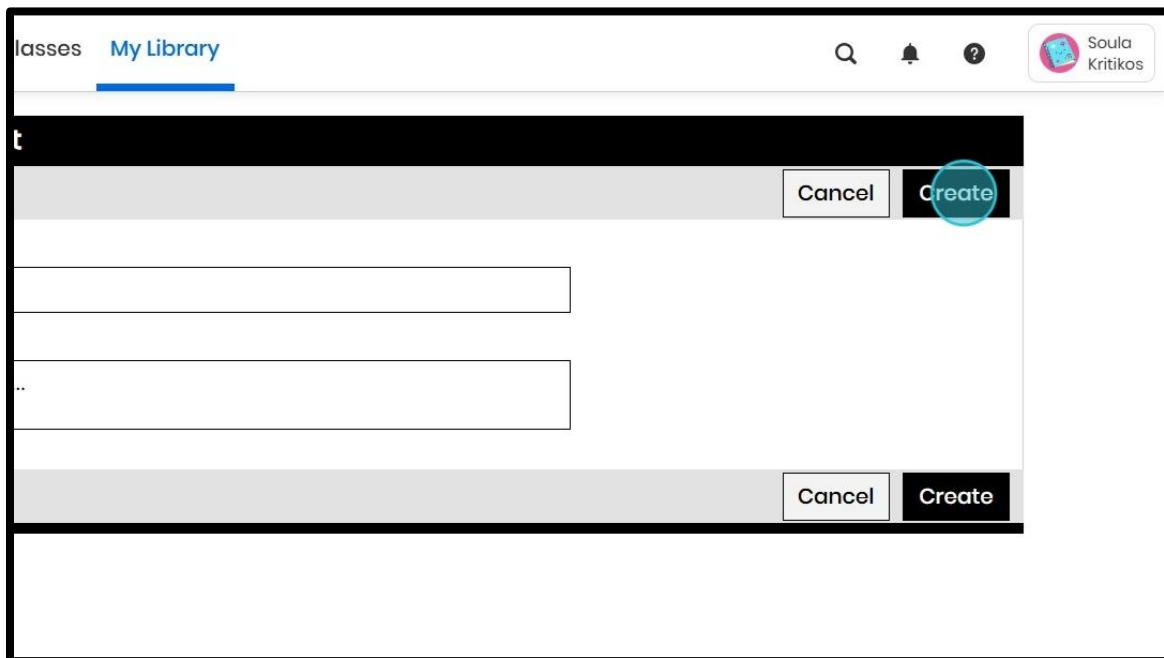

The screenshot shows the 'Create a Playlist' form in the Savvas Realize interface. The navigation bar at the top includes 'Home', 'Browse', 'Classes', and 'My Library'. The form has a black header with a back arrow and the title 'Create a Playlist'. Below this, there are two text input fields. The first field is labeled 'Title' and contains the placeholder text 'Type your Title here...'. A blue circle highlights this field. The second field is labeled 'Description (Optional)' and contains the placeholder text 'Type your Description here...'. The form is set against a light gray background.

4. Click in the **Description** textbox to add a description for your new **Playlist**. This step is optional.

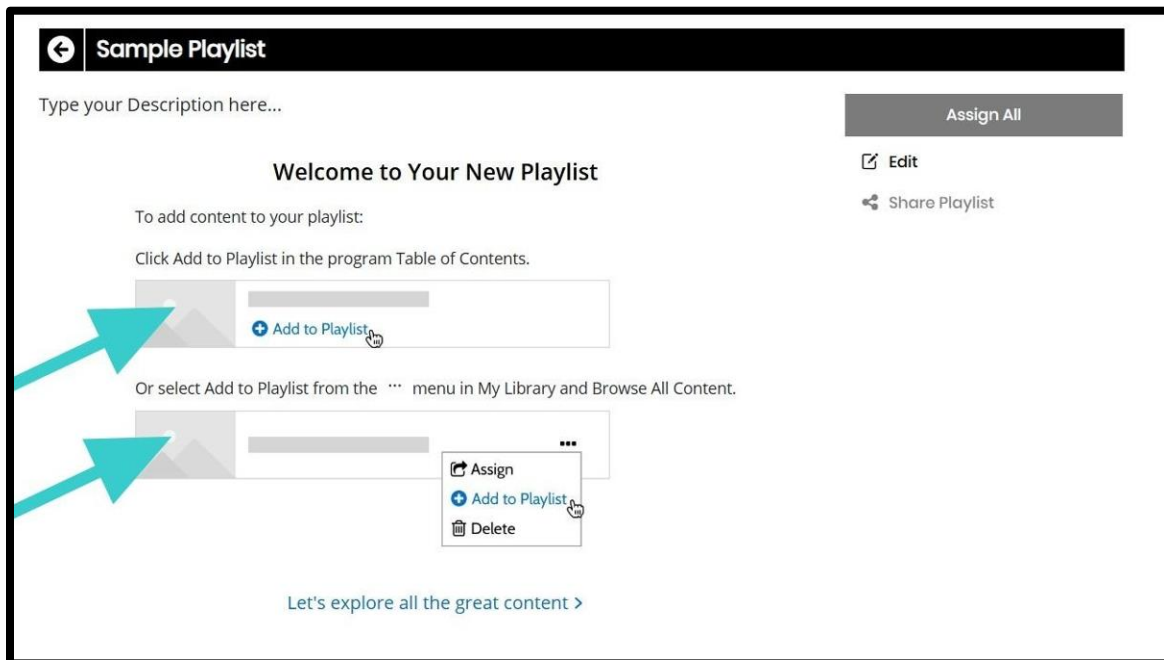

This screenshot shows the same 'Create a Playlist' form, but now the 'Title' field contains the text 'Sample Playlist'. The 'Description (Optional)' field, which contains the placeholder 'Type your Description here...', is now highlighted with a blue circle. The rest of the interface, including the navigation bar and form layout, remains the same.

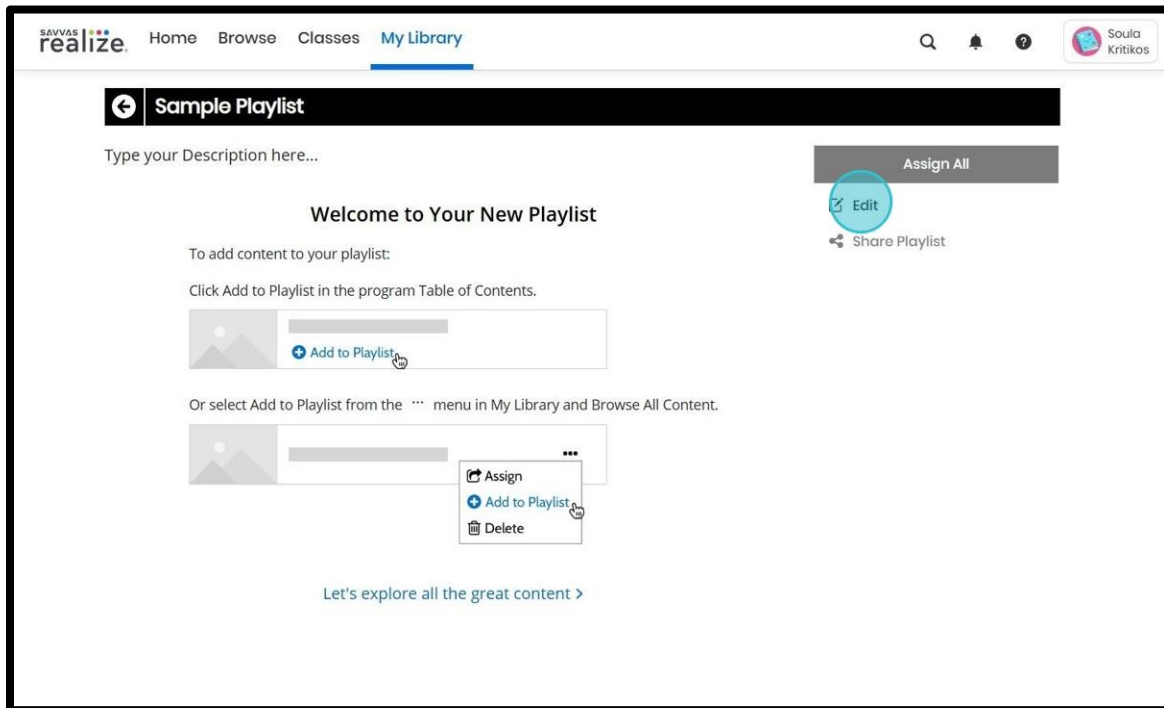

5. Click **Create**.

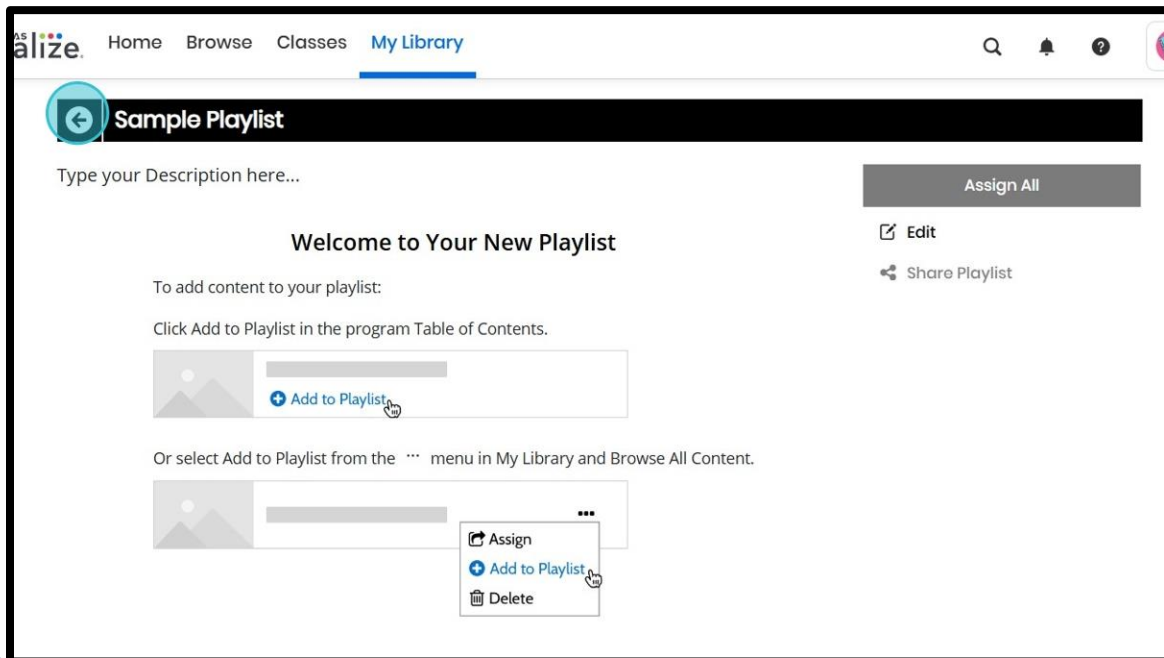

6. Once your **Playlist** has been created, you will be redirected to this page. Check out your options for adding items to your **Playlist**.

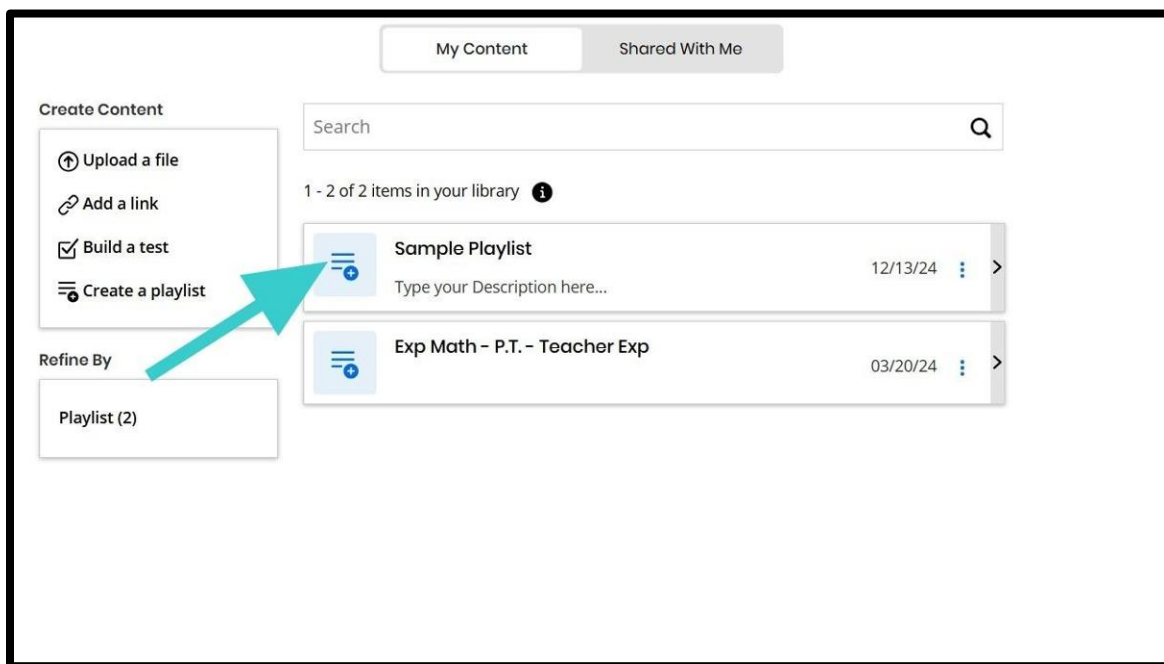

7. From the **Playlist** overview page, click **Edit** to make any desired changes.

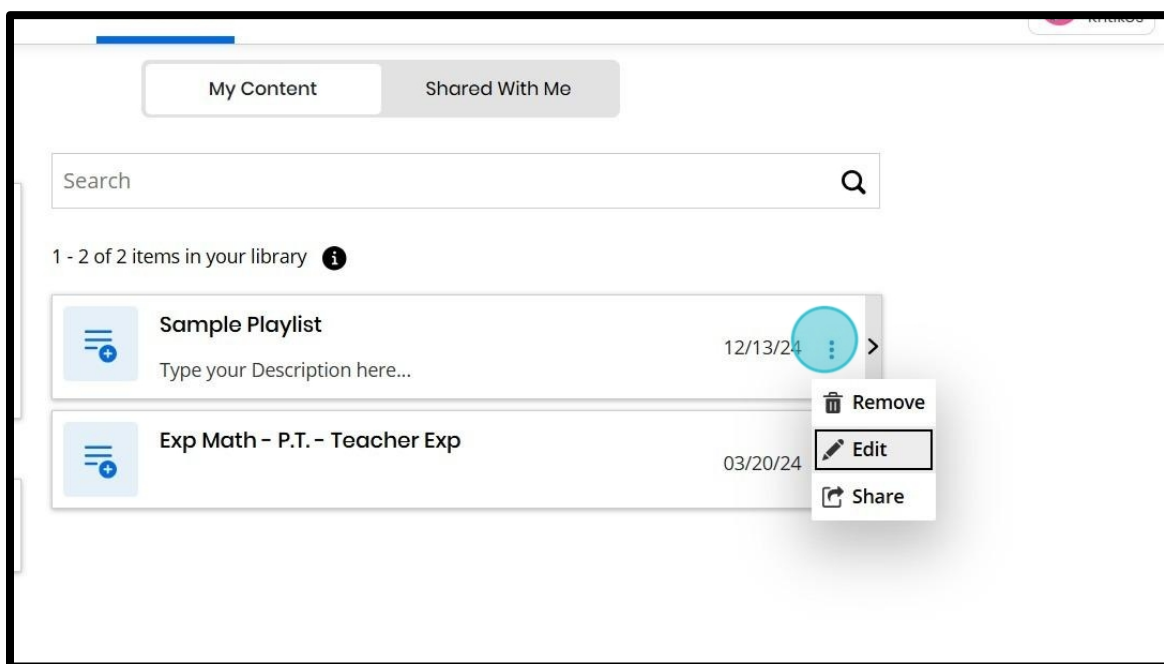

8. Click on the back arrow to view your **My Library** page.

9. Your new **Playlist** will appear on your **My Library** page.

10. Click on the 3 dots to **Remove**, **Edit**, or **Share** your Playlist.

Thank you for viewing these Steps to Success! We hope you found this tutorial helpful. Be sure to check out [My Savvas Training](#) for more tutorials and tips.
