Standards and Observation Data

And the Point Is ...

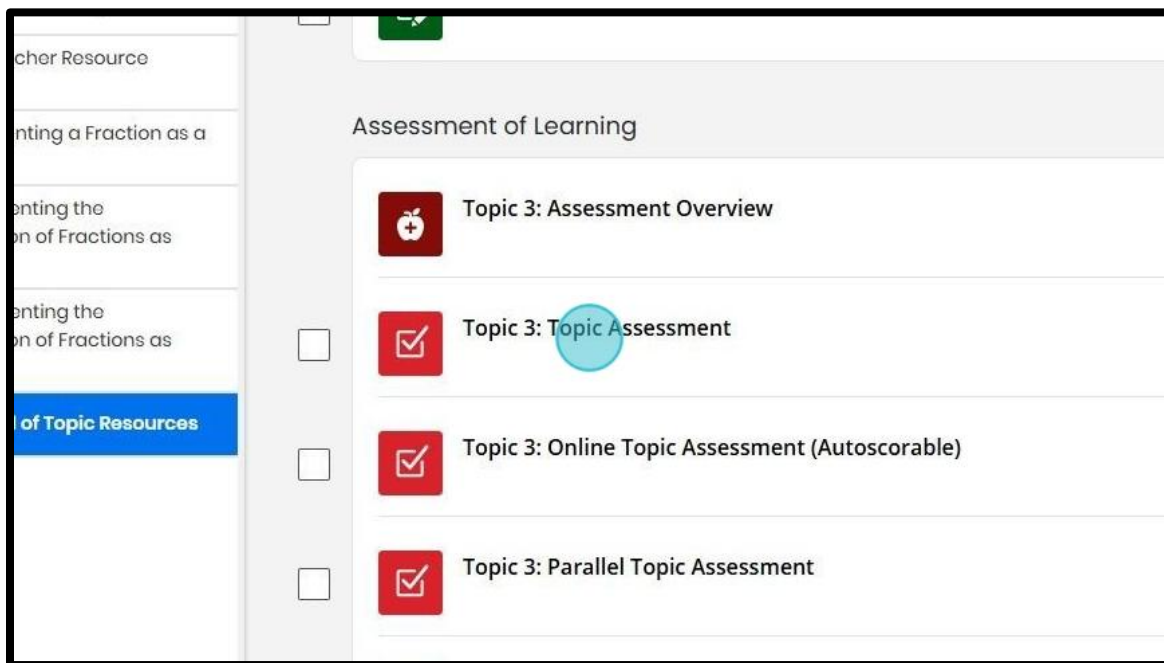

This Assessment of Learning section

- assesses curriculum standards
- contains **Skill** and **Concept Assessment Questions**
- contains a **Performance Task**
- should be combined with classroom observation data to evaluate student achievement for reporting purposes

You can assess the mathematical ideas for each lesson as follows:

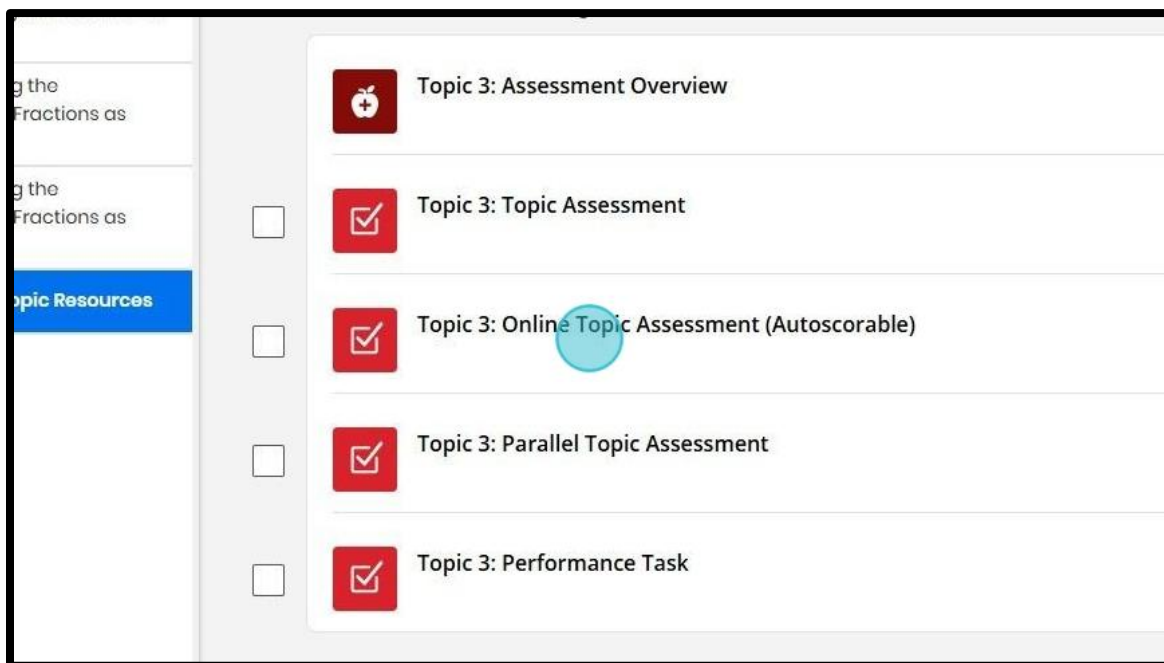

Lesson	Skill Questions	Concept Questions
1	1, 2	3
2	4, 5, 6	7

5. Every Topic will include a **Topic Assessment**. Click to view.

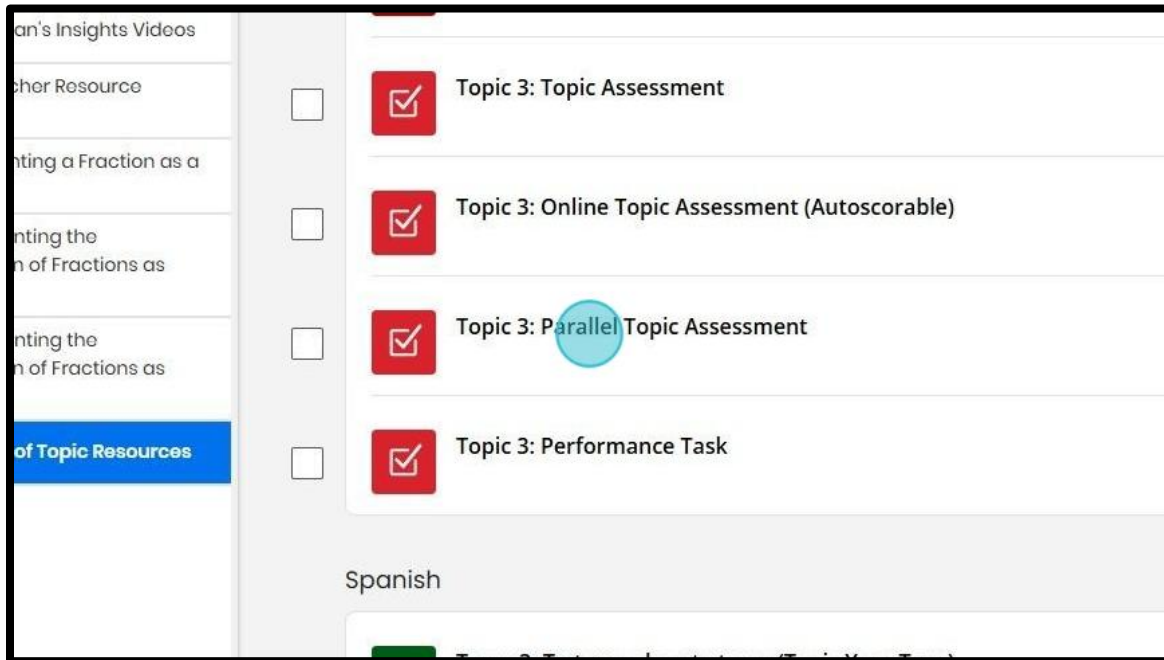

6. Every Topic will include an **Online Topic Assessment**. Click to view.

Note: This assessment is **autoscorable**, and contains different questions from the Topic Assessment.

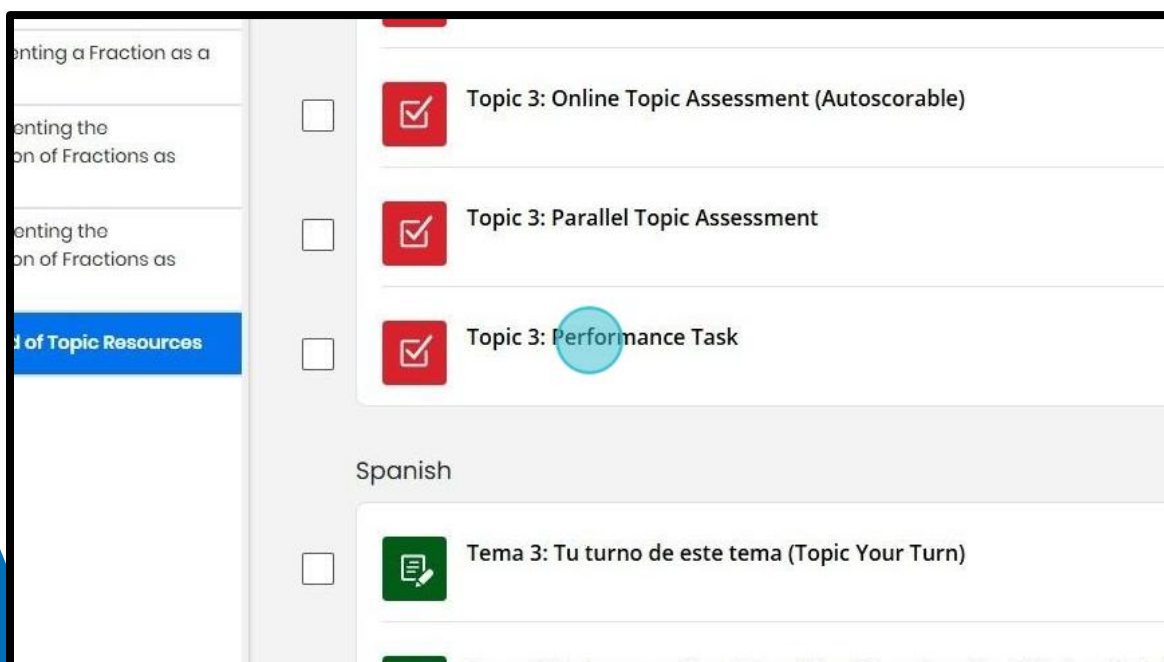

7. Some Topics will include a **Parallel Topic Assessment**. Click to view.

Note: These assessments contain similar questions and concepts to the Topic Assessment, but are designed to be more accessible to students (e.g. easier numbers).

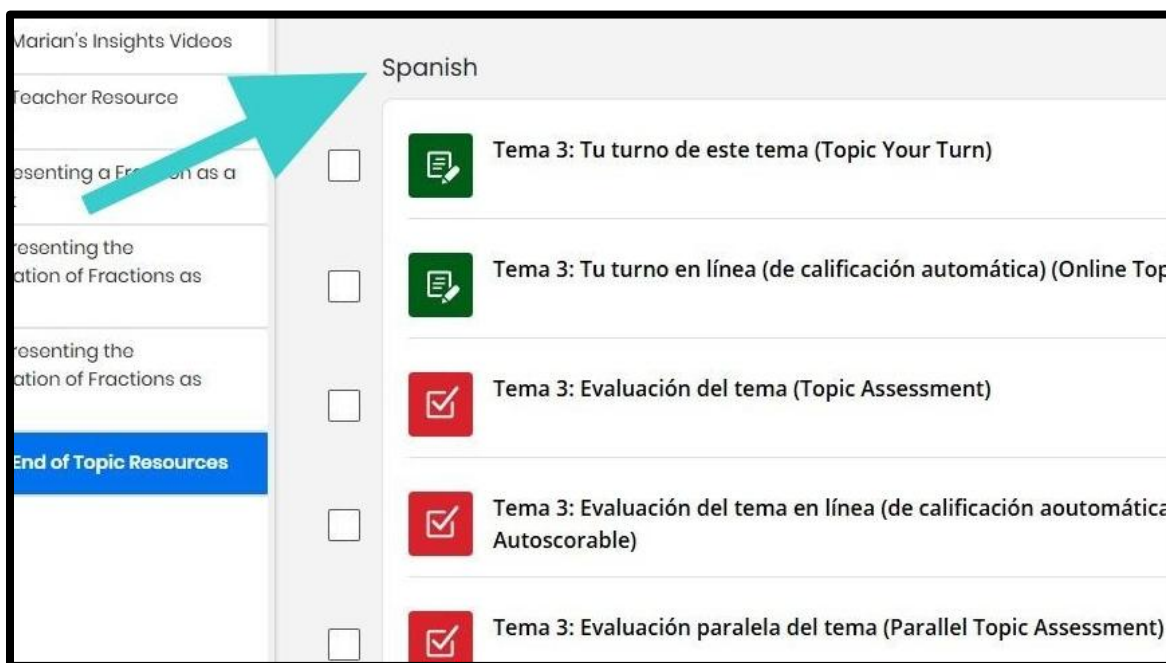

8. Every Topic will include a **Performance Task**. Click to view.

Note: These assessments are not a traditional test, but are an alternate way to provide the needed evidence of student learning.

9. Scroll down to find the assessments in Spanish.
