

Planning a Topic

Steps to Success:

1. Navigate to your **Experience Math** dashboard. Select the desired **Topic** in the Table of Contents.

2. Click on **Marian's Insights Videos** to access critical Topic information from **Dr. Marian Small**.

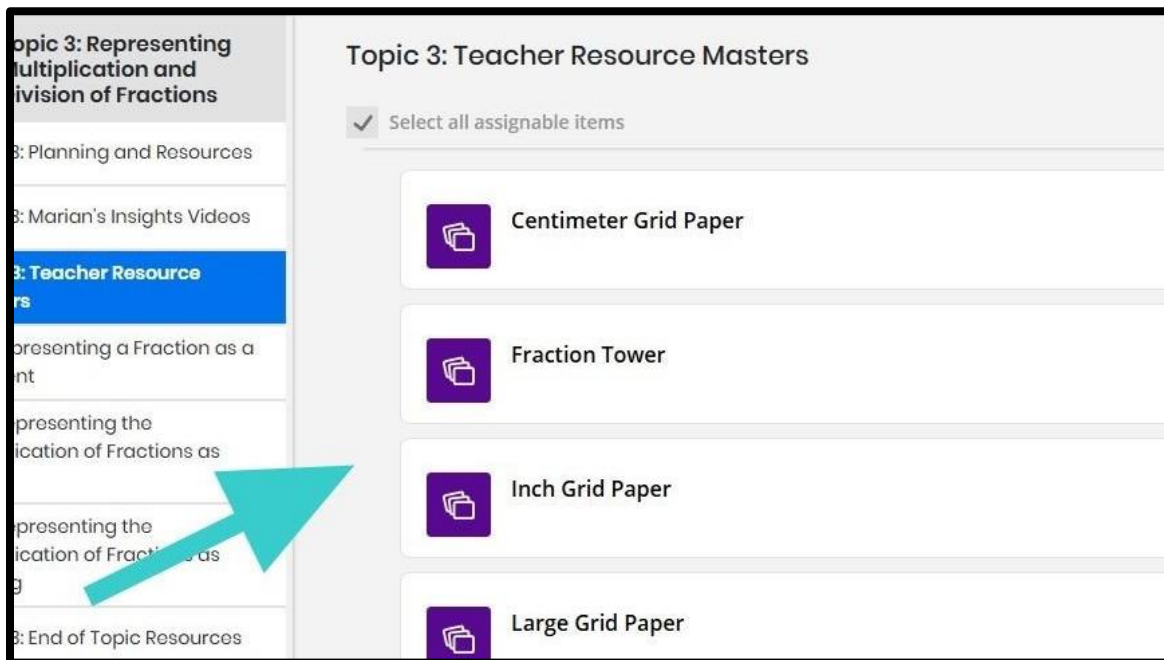

3. Review the videos for important Topic planning information.

The screenshot shows a web interface for 'Topic 3: Representing Multiplication and Division of Fractions'. The left sidebar contains a list of links: 'Topic 3: Planning and Resources', 'Topic 3: Marian's Insights Videos' (highlighted with a teal arrow), 'Topic 3: Teacher Resource Masters', '3-1: Representing a Fraction as a Quotient', '3-2: Representing the Multiplication of Fractions as Area', '3-3: Representing the Multiplication of Fractions as Scaling', and 'Topic 3: End of Topic Resources'. The main content area is titled 'Topic 3: Marian's Insights Videos' and includes a 'Select all assignable items' checkbox. Below this, there are four video thumbnails with titles: 'Topic 3 Overview: Representing Multiplication and Division of Fractions', '3-1: Fractions Greater than One and Less than One as Quotients', '3-2: Multiplication as Area', and '3-3: Representing the Multiplication of Fractions as Scaling'.

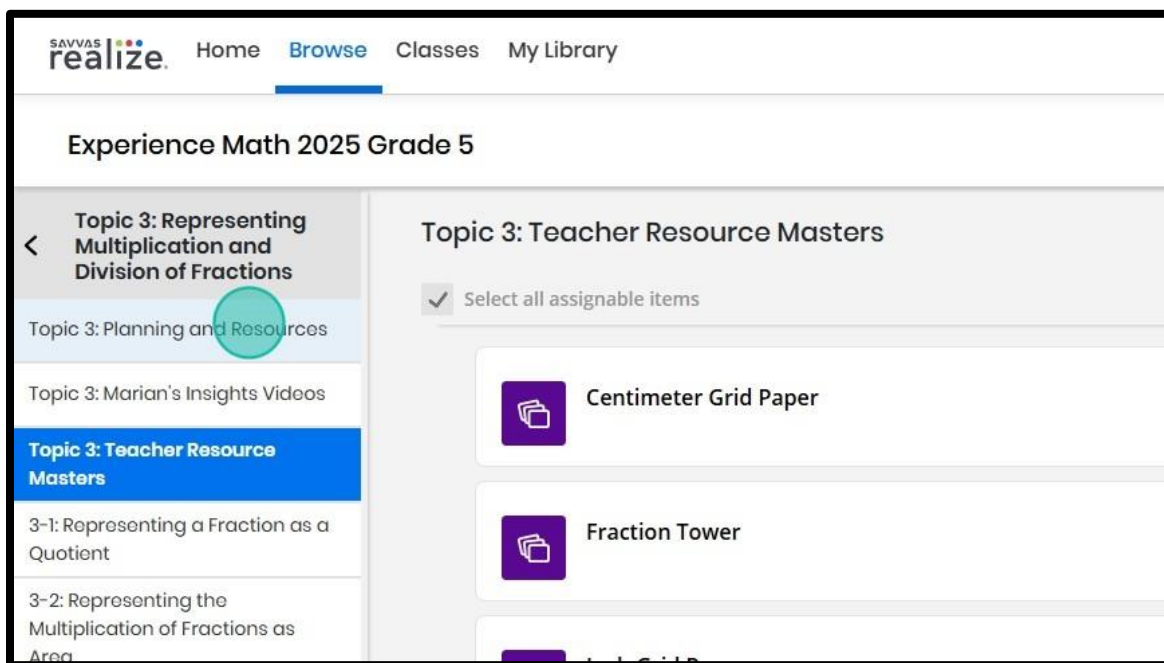

4. Click on **Teacher Resource Masters**.

The screenshot shows the same web interface as the previous one, but with a teal circle highlighting the 'Topic 3: Teacher Resource Masters' link in the left sidebar. The main content area remains the same, showing the 'Topic 3: Marian's Insights Videos' section with the 'Select all assignable items' checkbox and the four video thumbnails.

5. Scroll through the list to find the **Teacher Resource Masters** for the Topic. Click to open.

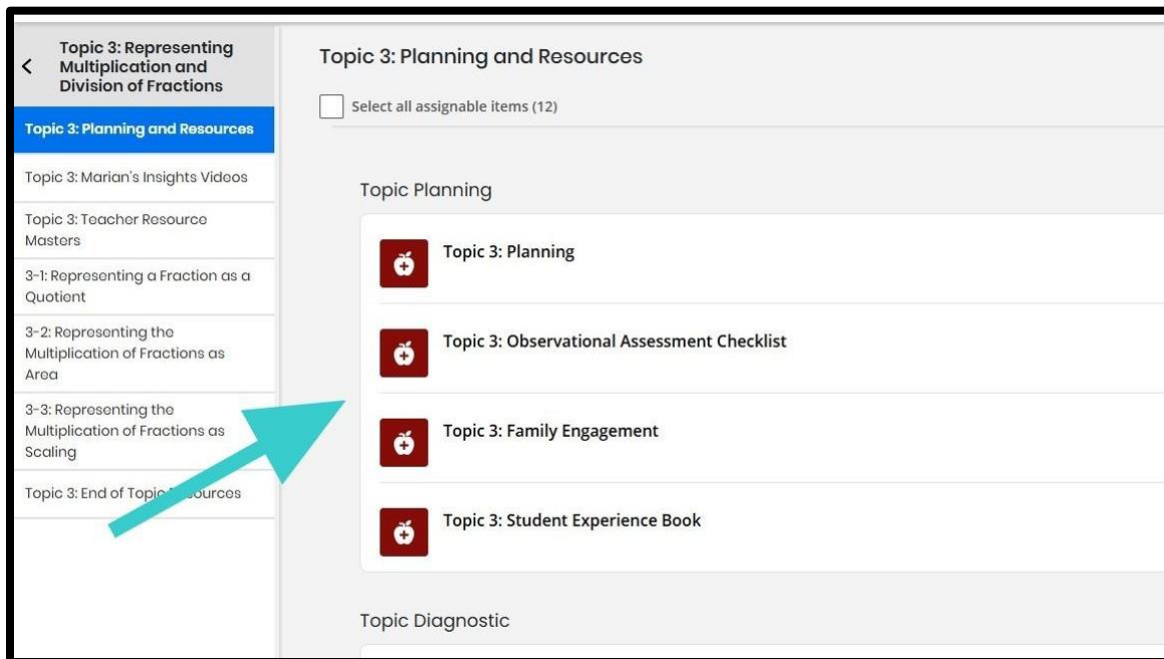

6. Select **Planning and Resources** to find additional information about the Topic.

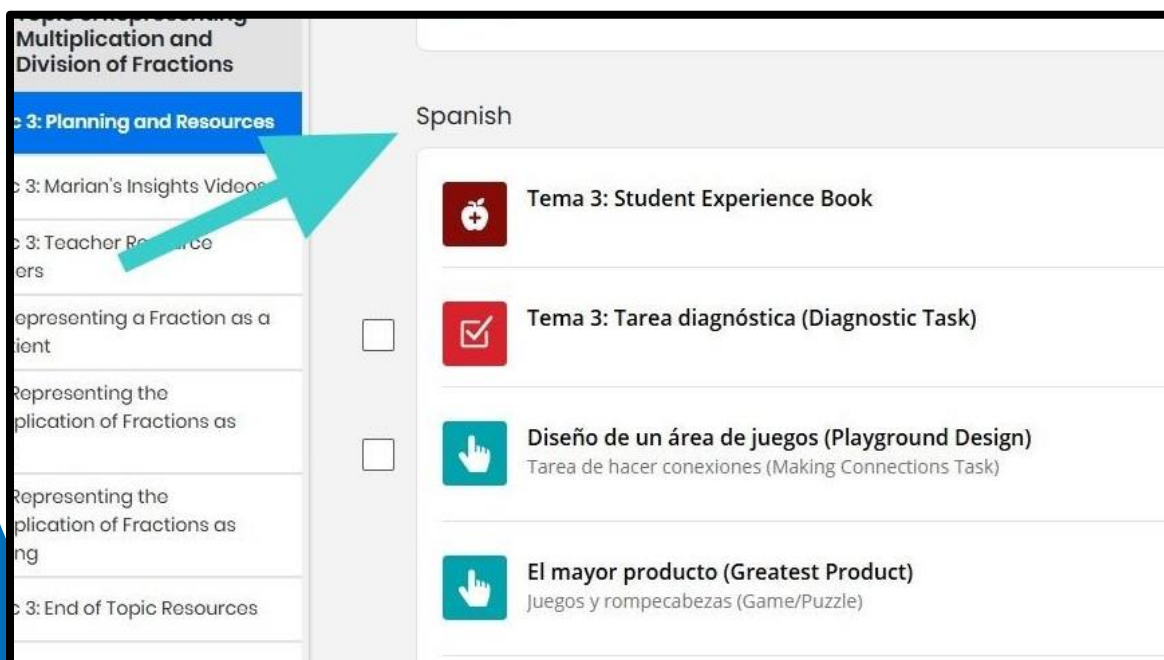

7. Scroll through the documents to find relevant resources to support your Topic planning. Discover the following sections:

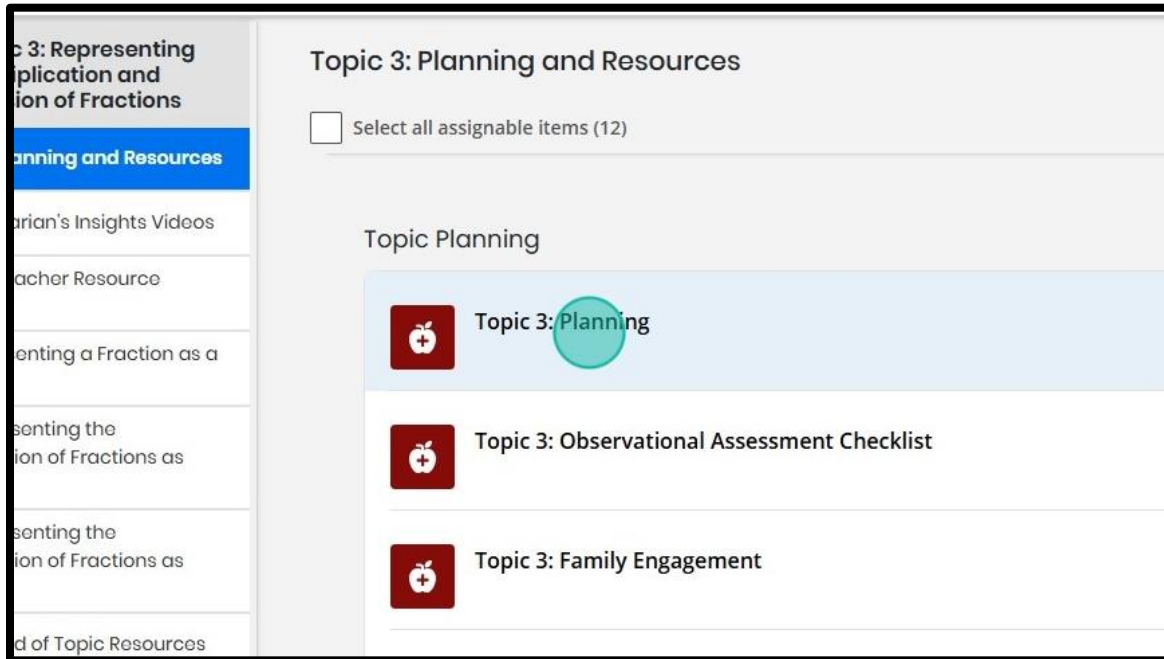

- **Topic Planning**
- **Topic Diagnostic**
- **Topic Games and Activities**
- **Topic BrainingCamp Tasks**

8. Scroll down to find **Spanish** resources.

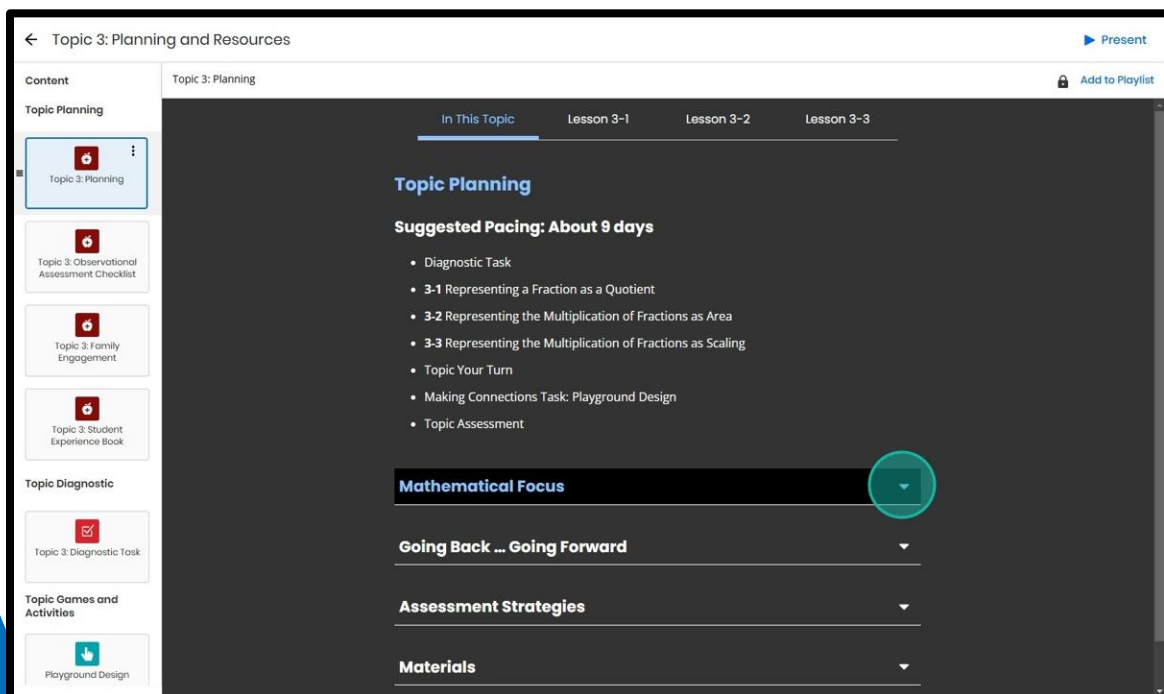

9. Under the **Topic Planning** section, click on the **Planning** document.

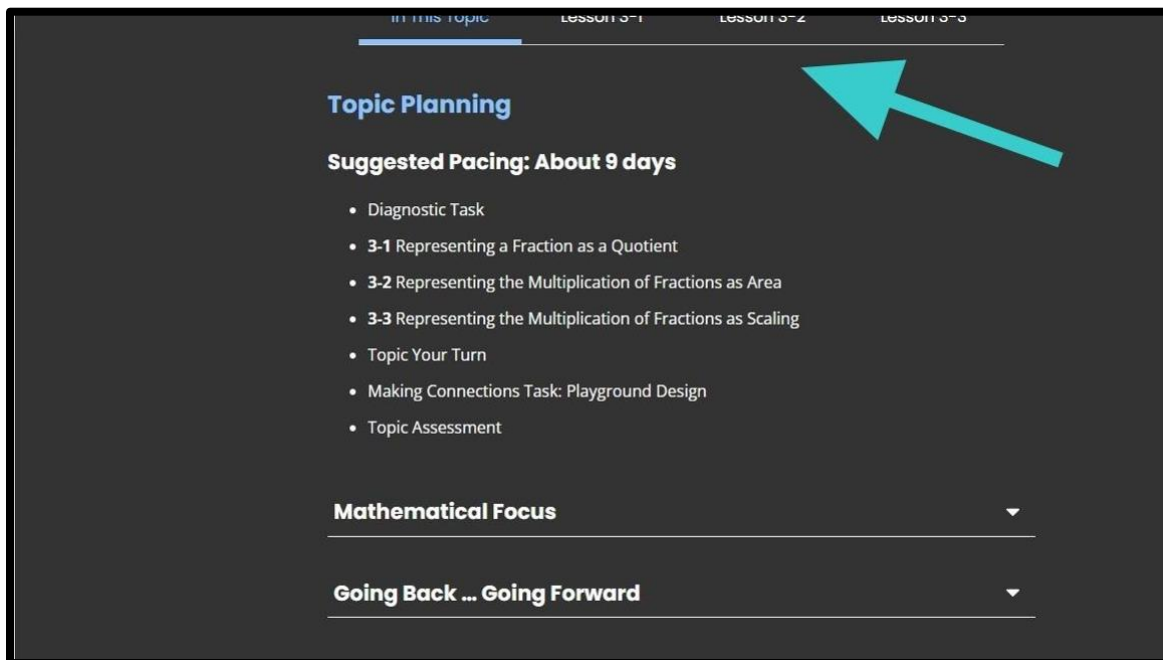

10. Review the topic planning information. Make sure to scroll down and click the down arrow to open each section for additional information:

- **Mathematical Focus**
- **Going Back...Going Forward**
- **Assessment Strategies**
- **Materials**

11. Click on each Lesson tab to see an overview of the mathematical concepts and activities in each Lesson.

Thank you for viewing these Steps to Success! We hope you found this tutorial helpful. Be sure to check out [My Savvas Training](#) for more tutorials and tips.
