2. Navigate to your APP menu & select EasyBridge:

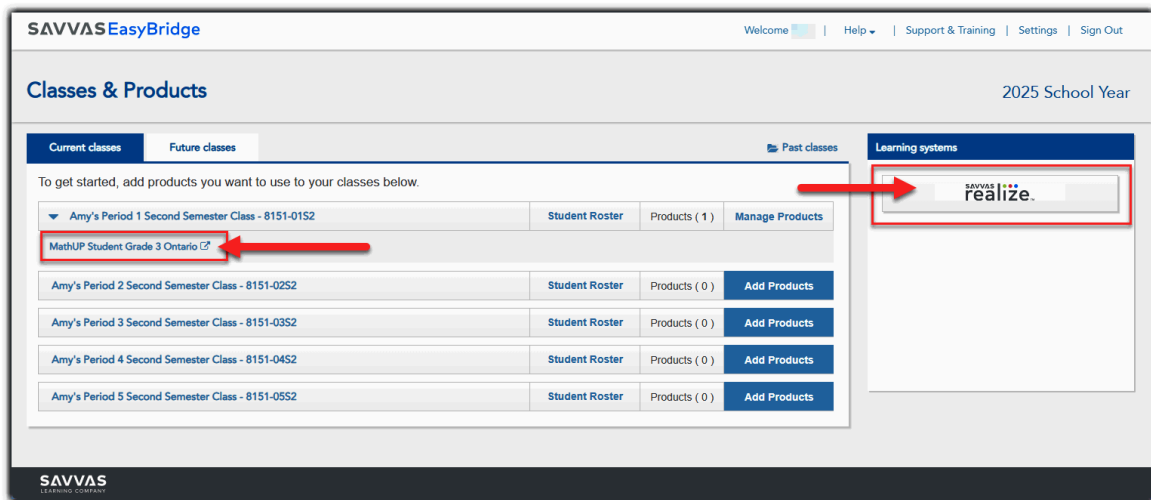

(EasyBridge is an app that connects your school data to MathUP Student or Sankofa K-3)

Accessing MathUP Student or Sankofa K-3

Now that you have successfully logged into EasyBridge, *it will open in a new tab in the browser.*

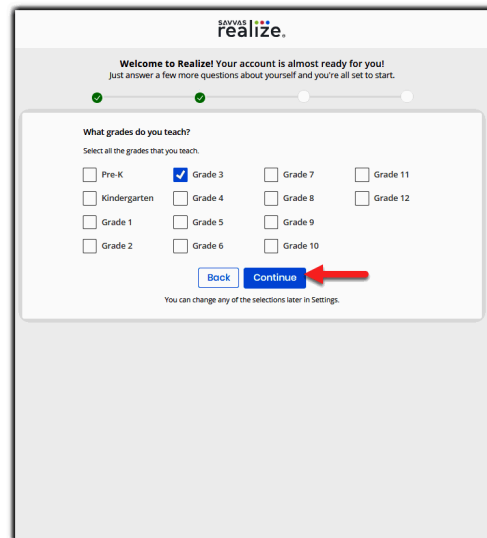

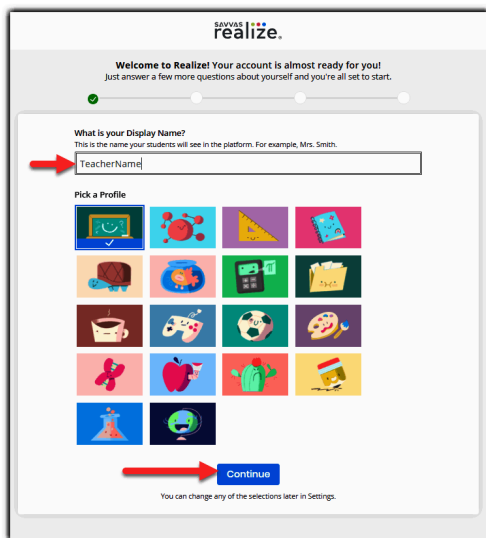

You will now land on your Auto-Rostered EasyBridge Dashboard.

1. Open SavvasRealize by clicking on the “Savvas Realize” button in the Learning Systems menu OR by selecting your desired class from the left menu.

2. Set up your Savvas Realize “Teacher Profile” following the steps pictured below.

(Note: You will only need to do this once - the first time you log in)

Connecting Your Savvas Realize Account to Google Classroom

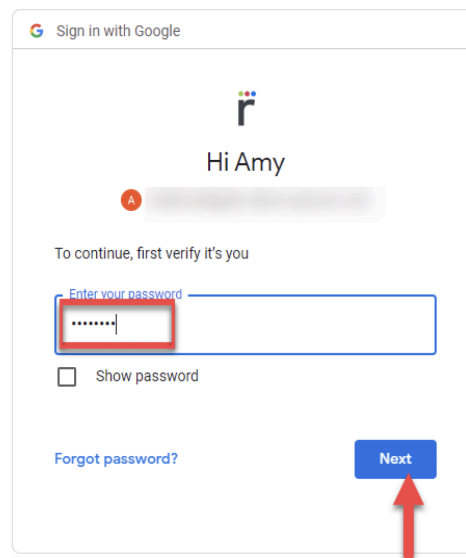

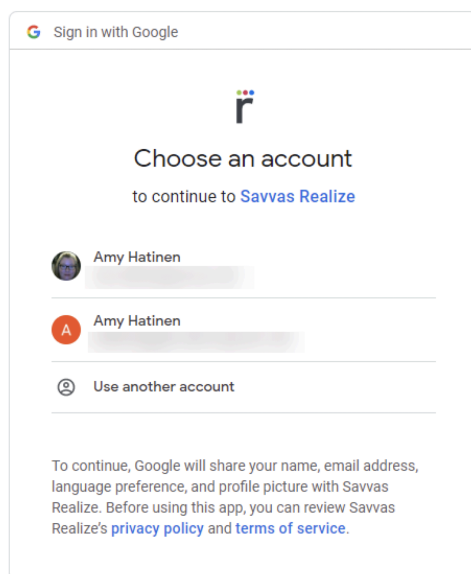

Now that you are all logged in, for easy classroom use you may want to connect your Google Classroom to Savvas Realize. This means anything you assign from MathUP Student or Sankofa K-3 will go directly to your Google Classroom. If you choose to connect your Savvas Realize account to your Google Classroom, students will not need to go to Savvas Realize to log in and can access everything through Google Classroom.

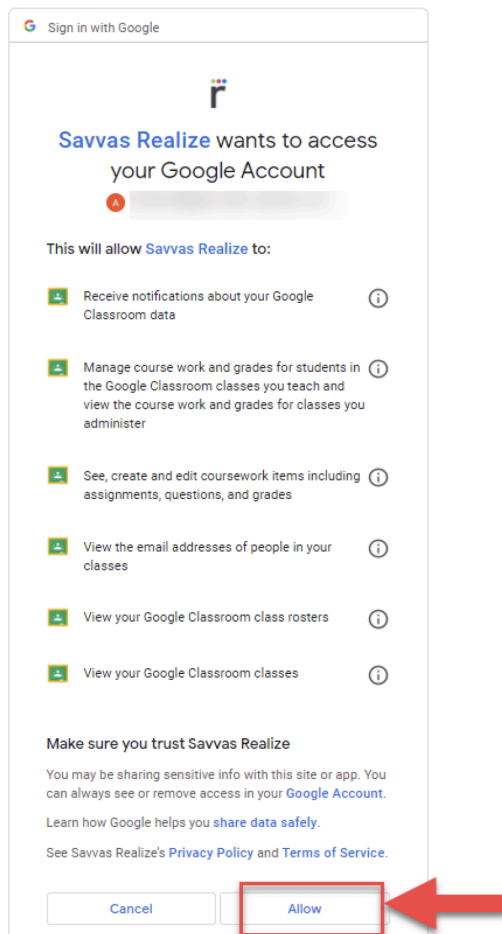

Follow the directions below if you would like this feature.

1. In SavvasRealize, select the Classes menu and click the “Import Google Classes” button:

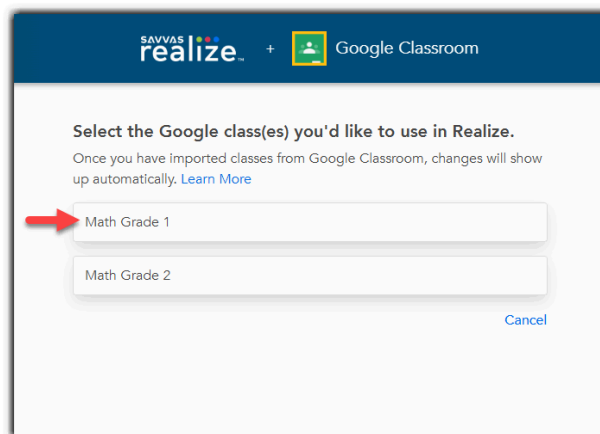

2. When you select “Import Google Classes”, you will go through a series of screens shown below. Choose your school/district Google account, and Log in.

3. Now SavvasRealize has been granted access to your Google Classroom, so you will go through the following screens to **complete the connection** with your Google Classroom class.

- **Select the Google Class(es) you'd like to use in SavvasRealize:**

- **Select programs for the classroom** by clicking the drop-down menu, and selecting the program you wish to use:

SAVVAS realize. + Google Classroom

Select the Google class(es) you'd like to use in Realize.

Once you have imported classes from Google Classroom, changes will show up automatically. [Learn More](#)

Math Grade 1 ✓ SELECTED

Add Realize Programs to this Class

MathUP Student Grade 1 Ontario x

Import Class

Math Grade 2

Cancel

- **Import your Class** by selecting the Import Class button:

SAVVAS realize. + Google Classroom

Select the Google class(es) you'd like to use in Realize.

Once you have imported classes from Google Classroom, changes will show up automatically. [Learn More](#)

Math Grade 1 ✓ SELECTED

Add Realize Programs to this Class

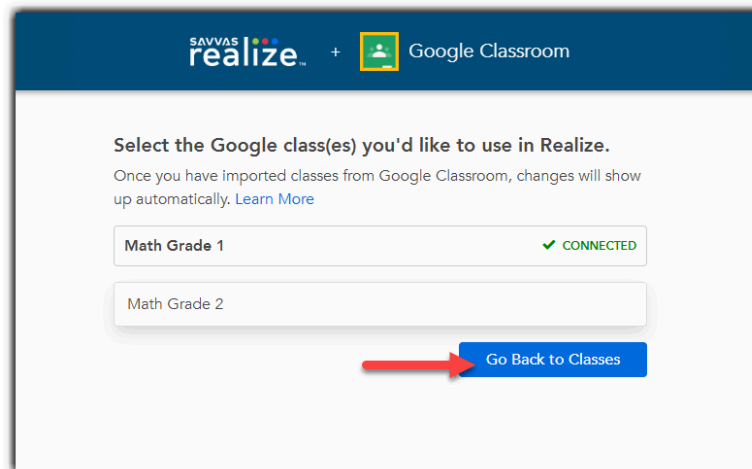

MathUP Student Grade 1 Ontario x

Import Class

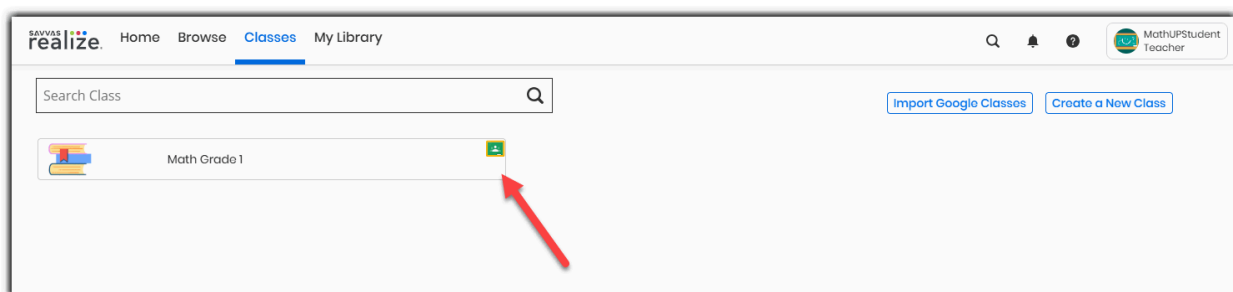

Math Grade 2

Cancel

- **Go Back to Classes in Realize:**

The imported **Google Classroom is now in Realize**. Imported classes display the Google Classroom class name and a Google Classroom icon.

Now **everything you assign in MathUP Student or Sankofa K-3 will automatically be assigned in your Google Classroom.**
